

GOLD AC™

JINGLE PACKAGE DESCRIPTION

AC means different things to different programmers. You need to find the right SOUND for your station. The right jingle package that fits the texture and vibe of your specific format. GOLD AC™ from GMI is a perfect fit with a wide spread of AC format applications. It sounds great with 70's based AC; it works with Classic Rock and Classic Hits formats and even Hot AC in some cases. GOLD AC™ powerfully brands your station with a sonic signature that your listeners will hear...it's the musical soul of your format that ties your music sweeps and spot-set staging all together. GOLD AC™ is also available in "4 call" letter configurations. (Notice Cut 10 as you listen to the demo) The following are the PRIMARY package cuts. The final package will include a wide variety of mixouts and acapellas to enhance its versatility. The bottom-line with GOLD AC™, it ADDS FUN TO YOUR STATION SOUND!
